“ Brenda was a very unique person. She was kind to all. She was also very book smart - did well in school. But she had another side to her that was simply a hoot! Everyone in our class will remember her with fondness.

“ I attended school with Brenda junior high and high school. She was always a cheerful barrel of fun whether at Y activities or pep squad. I remember working with her on the spring roundup at the Y. A good student and lots of fun. She will be missed by many.
