“ We lived in the townhome community with Glenn and Sandy and couldn't have asked for more fun and welcoming neighbors. “ Hi guys, so sorry to hear about your dad. Uncle Glenn was one of a kind. Always positive and full of life. I remember how he used to start toasts or cheers with, “these are the days that fill and illuminate our lives and we are here“. So many fun memories of him, your mom and all of you! Much love to you all! ❤️ Wendy

“ Many memories with Glen....fifteen years of Canada fishing trips....many games of racquetball....Many years of duck hunting with our Decoy 5 group ...one of the highlights of our Decoy five group was our annual dinner that we prepared for our wives....you can imagine 5 guys trying to prepare dinner with a few libations....Glen was a shining lite and great friend.

“ So many memories.. I think one for everyone who knew your dad is his kind hospitable demeanor. We had so much fun biking and traveling with your parents over the years, always had a good connection and never ran out of things to talk about or laugh at. I remember a Southeast Iowa biking canoe trip where we had to drag our canoes through the water because it was so low... And of course following that little green car all the way to Montana and glacier national Park. Our hearts go out to you boys and we hope the many memories of your dad and your mom and your family will bring you some comfort. We are sending our love and hugs Denny and Judy

In all our years as friends I cannot recall ever a time that Glenn was not joyful and full of positive attitude. Even with his long battle with health issues. If he was ever down he never showed it. We had many wonderful times together that will never be forgotten. Jary and Jay

We're so sorry for your loss. We've known your folks for about 45 years. Gourmet dinners, times around your pool on Ashworth , at lake Panarama, , our sail on the Med, and again in Sweden, and back and forth between Florida and Port Townsend. So much to remember. All the time your dad with a smile. Humming show tunes sometimes. An anchor, dependable and positive . A life well lived, lived with beauty and pleasure with his family being the wellspring. He will be missed but always with us . He would love nothing more than all of you to continue the joy he exuded. Peace..... Jay Johnson

“ Glenn was like a father to us all! He was so loving and compassionate, even in the work world. He was so accepting of our work romance and knew we were professional enough to continue our relationship and give it all at the work place! He was such a role model to us all! He showed his love for Sandy that we all admired! Glenn was Kurt's mentor. He gave him direction in life and work. We loved all the events and parties we all attended together! From professional setting to social outings we bonded so dearly. We will always carry him in our hearts daily and cherish all the life lessons he taught us. Glenn and Sandy are now reunited and at peace. We send our love to all the family and loved every minute of our time spent together. We will treasure our memories forever. Love, Becky and Kurt Lange
