“ *Marshall was a great friend and was full of life. He was a friend with my dad until he passed and became a friend too me. We stored his stuff and was blessed with racing stories and adventures as he came and left for different travels.*

Thanks for the conversations and occasionally the lunches you brought over!

I'll miss everything buddy!

“ MJ will always be one of my all time best Buds. On my first day at Ankeny, in the fifth grade, we had to have a fight (behind the Bi-Lo bakery) to clear the air a bit, then for the following 63 years he was one of the most loyal, giving, and closest friends I have ever had. It was very important for him to excel in sports, his professional vocation, and drag racing, AND HE DID. He made a VERY GOOD living in the apparel industry through his charm, sales ability, and simply out-working his competition. He held national titles in drag racing and continued to race right up until his illness wouldn't allow it anymore. Early on with his chemo treatments they must have given him a morphine/anti-pain cocktail of some sort because he came out of the doctors office feeling really good and he called me to tell me he thought he could race at an upcoming race in TN. I tear up thinking about it. I was never Steve, but always Puddy to him and I look forward to hooking up with him again someday. I love you and miss you old friend.
