

## Pat Sue Robertson

January 15, 1951 - April 18, 2026

Pat (Patricia) Robertson passed away in her sleep on April 18 2026, due to complications of Parkinson's Disease.

Pat was born January 15, 1951 in Medford, MN, to Oshell and Edna Robertson.

Pat was a loving wife, wonderful mother, amazing grandma, caring sister, and true friend to those who were in her friend group.

Pat never knew a stranger and loved to chat, joke around, read books and was an amazing cook. Often people would choose not to eat if Pat wasn't making breakfast at Hy-Vee that day. Her favorite things were bird watching, especially hummingbirds, and traveled often to add what she could to her bird list. One of her other loves was shopping, so if there is a giant downturn in the economy, or a serious decline of profits at QVC and Amazon, we will know why.

She is survived by her husband, Dickie Robertson, daughter, Shellie (Jason) Kreps, son David Mollenhauer, grandchildren Sam, Dylan, Faith, Grace, Sean, bonus grandchild Michael and her sisters.

A celebration of life will be held at a later date, with her ashes being spread at

some of her favorite camping spots.

In memory of Pat, make someone laugh, feed the birds, and say I love you often. In lue of memorial contributions please make a donation to Parkinson's research at [michaeljfox.org](http://michaeljfox.org).
