“ Steven was one of the first people I met when my family moved to Ankeny. I enjoyed him as an upperclassman for three years. I was sad to hear he had passed and will always recall the sincerity he demonstrated in all that he participated in during our years together in extra curricular activities. Tender thoughts and prayers to his family.

Mike, those were kind words and you described him so well. I loved seeing that Sue responded and expressed all the success of Keith as a dad and medical pilot at Mayo Clinic. If you get this Sue, you should read the original comments about your Steven. You and Steve are my family and just before I once again tried to locate your phone number, my mother brought up how nice my friends, Steve and Susan, from Iowa are and how wonderful it was when you came all the way to Arizona to visit. You made me feel like a star and you're the best friends I've ever had. I'm very sorry about your loss and my condolences to you and your children. I'm sorry if Steve suffered as such a gentle and kind soul should have departed more softly before coming home. My gratitude to both of you is the size of Mount Everest. I will pray for you and ask God to somehow bring you and your family to Florida where I'm living with mom. Your smile is coming through in my head right now and I can get Steve and his unique laughter. What a man, Eh? I love you and please give my love to your family. Love Peter and Domenica Provenza
